SITE PLAN

From Spring Hill Ordinance 2010-07
6-104.6 through 6-104.14

- 6.104. 6. The individual(s), organization, municipality or landowner submitting an application for the display fireworks exhibition shall provide a site plan of the exhibition site indicating the point of ignition of display (1.3G) fireworks, the distance of any adjacent buildings, location of storage of display (1.3G) fireworks and emergency ingress and egress to the property.
7. Display (1.3G) fireworks shall be kept and stored, prior to firing in a place and manner that presents neither a hazard to any property nor a danger to any person, such as a warehouse or magazine or comparable depository that complies with the requirements of the current Bureau of Alcohol, Tobacco, firearms and explosives Federal Explosives law and Regulations, and the current Fire Code as adopted by the City of Spring Hill.
8. The discharge or display shall be arranged so that the display (1.3G) fireworks are to be fired at least 100 feet from the nearest public right-of-way, person or building.
9. Display (1.3G) fireworks that fire a projectile in the air shall be directed in such a manner that the projectile does not fire over or above any building, structure or person viewing the exhibition or display, and the angle of the projectile shall be no more than 15 degrees from vertical.
10. Persons firing display (1.3G) fireworks shall be experienced pyrotechnic experts in the public exhibition or display of fireworks, shall be at least 21 years of age and shall possess a valid license as a Display Operator issued by the State Fire Marshall.
11. At least two approved fire extinguishers shall be present at the exhibition site.

ADDITIONAL REQUIREMENTS

12. All unfired display (1.3G) fireworks and any residue remaining after the discharge shall be promptly extinguished and shall be immediately disposed of in a nonflammable container.
13. At the conclusion of the exhibition all resulting debris must be immediately cleaned up, removed from any adjacent Right of Way and disposed of in a nonflammable container.
14. Access to the nearest public road to the discharge site shall remain open and passable at all times for fire, ambulance and law enforcement vehicles in the case of an emergency.
